

# FFA Rabies Vaccination Clinic Today

The annual rabies vaccination clinic will be conducted by Future Farmers of America Chapter today (Thursday) at the vocational agriculture building at the high school.

A Rotan veterinarian will conduct the vaccination clinic from 1 to 5 p.m. He will be assisted by FFA members in issuing tags. A charge of \$3.50 will be made for the vaccination.

City dog licenses will also be available from the FFA members at the time the animal is vaccinated.

A dog ordinance passed by

the City of Hamlin in 1973 requires that all dogs within the city must be licensed and vaccinated. The annual tax is \$5.00 on each dog. Acting for the city, the FFA members will issue a tag on which is stamped the number of the registration and the year for which the tax is paid.

The tag must be attached to a collar that is securely fastened around the neck of the dog.

The dog tags are also available from the city secretary, but the tag can not be issued until the owner furnishes a vaccination

certificate issued by a licensed veterinarian stating that the dog has been vaccinated against rabies.

Under the city's dog ordinance the city is authorized to impound any dog found running at large within the city without a tag or any dog that is found running at large and creating a disturbance with or without a tag.

Creating a disturbance is defined by the ordinance as causing loud noise, destroying property, overturning garbage receptacles

or manifesting a disposition to bite, but is not limited to just these problems.

Dogs picked up by the city may be reclaimed by their owners within 72 hours upon the payment of \$2.00 per day. Dogs not claimed at the end of the 72-hour period will be advertised for sale by posting of a notice at City Hall. Dogs not sold at auction will be bought by the city and killed.

The ordinance provides that the dog catcher or any policeman shall have the right to shoot or kill any rabid dog or any dog which shall manifest a disposition to bite.

### And What Have You

By BOB CRAIG

A number of people were nice enough to compliment us on the "new look" of the Herald last week. We hope that this change in format will make the paper a little easier to read as well as being more attractive.

The most obvious change of course, is the new nameplate on the front page along with the new headline style. But more importantly, at least we think, is an effort to increase the news content of the total paper and to upgrade inside pages as well as the front page.

A bigger effort is also being made to upgrade the quality of the pictures printed each week.

All of this, because of our limited staff, means more work on everyone here. But a few kind words here and there make it all seem worth it and at the same time makes it a lot easier.

Most of these changes were brought about because of two things. The first is the addition of some new equipment installed around the first of February that is used to set most of the headlines as well as most of the copy in the advertisements. The other factor in making this change was our attendance at the recent West Texas Press Association Mid-Winter Meeting held in Big Spring.

Part of the ideas incorporated into the Herald since that meeting were gleaned from the workshop sessions, but the biggest thing was coming away feeling inspired to do a better job.

For a number of years we have been attending all of the West Texas Press meetings and as many of the Texas Press meetings as we can make. Not only do a lot of good

## School Board Hires Firm To Collect Back Taxes

The Trustees of the Hamlin Independent School District voted here Monday evening to hire the firm of Perdue, Brandon and Blair to collect the district's delinquent taxes. The firm of tax attorneys has offices in Amarillo and Fort Worth and will charge a fee of 15 percent of the monies collected for the district.

Under terms of the contract the district will set a cut-off date on the accounts to be turned over to the collection firm. The board indicated that the district will not turn over any of the accounts until they are at least six months delinquent.

In a rather lengthy agenda, the board appointed a budget committee, adopted a school calendar for next year, adopted textbooks for next year, and adopted the state travel schedule.

The board also voted to move the date for their next meeting from Monday, Apr. 14, to Monday, Apr. 7. This was done so that the trustees could canvass the district's Apr. 5 election. The board also voted to call a work session for Tuesday, Apr. 1, for the purpose of reviewing teacher contracts for the coming year. The board will not take any action on the contracts until their meeting on Apr. 7.

The board named Trustees W. T. Johnson, Cecil Sellers and James Rodgers to serve on the budget committee and named Raymond Scifres as an alternate.

The group also adopted a leave of absence policy for district employees and voted to have some preventative maintenance work done on the high school air conditioners.

The board also opened bids from nine area firms on carpet for the Reading Center but delayed any action on the matter until they could get more information on the bids.

Mrs. Inez Ferguson presented a slide program on the district's Goals Committee project to determine future goals for the district and its accountability to its patrons. Mrs. Ferguson also

surveyed the board to get their feelings on the 24 goals being studied by the committee.

The trustees evaluated the 24 goals on a one-to-five basis. The committee is in the process of having these goals evaluated by students, teachers, parents and other interested citizens within the community. Mrs. Ferguson said.

She told the board that the committee would bring the results of the survey back to the board for its consideration when the survey is completed and the results have been tabulated.

## Places On Ballot Drawn For City, School Elections

Both the city and the school held drawings Friday for places on the April ballots. Six candidates are seeking the three positions on the city ballot for councilman and five candidates are seeking the three trustee positions on the school ballot.

Deadline for filing as a candidate for both the city and school elections was last Wednesday afternoon and no new candidates filed during the final hours.

Drawing the top spot on the City of Hamlin ballot for the council was M. D. Byerly. He is followed by A. E. Killion, Robert Cary Sr., L. H. Bruton, Robert Fowler and

Buford Bigham. Byerly, Killion and Fowler are seeking reelection.

Taking the top spot on the Hamlin Independent School District ballot for trustee was W. T. "Dub" Johnson. He was followed by Cecil Sellers, James B. Crowley, James E. Rodgers, and Delton Jackson. Johnson, Sellers and Rodgers are seeking reelection.

Absentee voting for both the city and school elections will be held at the Hamlin City Hall beginning Friday, Mar. 14, and will end Apr. 1. Both elections will be held Saturday, Apr. 5, at the high school building.

No contest developed for director of the Hamlin Hospital District with the deadline for filing closing Friday. The four directors seeking reelection to the board will be unopposed. They are John Scarborough, Joe Cowan, Donald Young and John R. Brown Jr. The Hospital election will be held Tuesday, Apr. 1, at the city hall.

### HAMLIN RIDING

**A HARD NIGHT'S WORK**—Members of the Hamlin Lions Club put in a full evening of work here Friday night as they served a record crowd during their annual Pancake Supper. Larry Butler, left stops to eat following a full evening on the grill cooking pancakes for the nearly 500 people who passed through the serving lines. While Butler's work was over for the night, the dishwashing

crew of Bill Harbert, W. T. Johnson and Bob Hawes continue with their cleanup chores. Bobby Crowley (at right), club president, winds up the cooking chores as the last of the crowd is fed. The Hamlin Stage Band sold tickets for the Pancake Supper and the Lions Club split the profits of the evening's work with the band.

## Aids for Cleaning

Salt, baking soda, vinegar and ammonia are a "homemaker's best friends." And procrastination is her greatest enemy.

So says the woman who teaches homemakers the art of keeping a home tidy with a minimum of fuss at the Minneapolis-St. Paul area vocational-technical institutes.

Drawing on her 30 year career in homecleaning, Mrs. Lois Millner offers these hints to ease housecleaning chores:

—Windows and mirrors come sparkling clean with a solution of ammonia, vinegar and comfortable temperature water.

—A solution of vinegar and water will clean Formica counter tops. For stubborn stains, try dry baking soda and rub with dampened cloth.

—For stains that accumulate on china or ceramics, rub a paste of salt on the stains and rinse it off.

She uses a solution of ammonia and water and a heavy-duty scrubber to clean a messy barbecue grill.

A vinegar-soaked light-duty scrubber will clean soap and water spots from chrome bathroom and kitchen fixtures, she says.

To lick procrastination, Mrs. Millner recommends getting organized by developing a chart that lists all the household tasks to be done, followed by the amount of time to be spent on each task.

ideas come out of these sessions, but most important to us is that they tend to recharge our batteries so to speak, and encourage us to come home and try to do a better job.

As to our new equipment, it is another one of those electronic marvels manufactured by Com-pugraphic Corporation.

Four years ago we installed their equipment to set all of our reading matter and even after four years of operating it, we still don't believe all it can do. And this new piece of equipment is just as amazing in its operation.

With the system we were using prior to getting this new system, called a 7200, we had a choice of about 10 different sizes and faces of types to use in heads and ads. Now we have a choice of about 88 and this can be expanded to an almost unlimited number.

The type, up to letters about one inch high, is set by stroking a standard typewriter keyboard. This is some change from the handset type we used just 15 years ago when we first took over operation of the Herald.

But all of this only serves its purpose if we can produce a newspaper that serves the needs of our readers at a price that they can afford.

The following bit of humor comes from Roy Bilberry's column in the Graham News.

Anyone who watches television is aware that this is a time for giving awards. They are passing out awards for everything now. . . Well, just about everything.

Since a few deserving people go unheeded each year, this is intended to recognize them; the first annual Hall of Shame Awards.

**Confusion Award:** A tie between the people who make up income tax returns and the person who designed the fuzzy covering for a commode lid that makes the lid keep falling while you are standing there trying to use it.

**Fast Buck Award:** Presented to publishers who are paying the Watergate criminals huge sums of money for their grubby life stories.

**Humiliation Award:** Goes to TV commercial makers who make aging actors prance barefooted across the screen dressed as a can of drain opener.

**Frustration Award:** A tie between the plastic zipper folks and the person who determines the location of hood releases on automobiles.

And to Roy's list we would add one of our own:

**Poor Taste Award:** Goes to the product maker, ad agency and networks that permit feminine hygiene commercials during prime TV time.

Congratulations, folks! Stand up and be recognized.

# GOOD FRUITS

*"The wisdom that is from above is first pure, then*

*peaceable, gentle, and easy to be entreated,*

*full of mercy and GOOD FRUITS."*

There are two forces at work in this world,

evil and good. We have the freedom to

choose between these two things.

*"O taste and see that the Lord is good:*

*blessed is the man that trusteth in him."*

Coleman Adv. Serv.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

**OVER THE TOP**—William Brown, Piper senior trackster, goes over the high jump bar in the Anson track meet Saturday. William was eliminated at 5'9" in the meet. The cold weather Saturday cut into the performances of most of the athletes at the meet with most of the times and distances falling below expectations.

## Track Team Takes Anson Championship

The Piper Track Team captured their first team title Saturday at Anson and will be competing at Brownwood this Saturday. The prelims will open at 9:30 Saturday morning for the Bluebonnet Relays with the finals in the field events starting at 1:30 and the finals in the running events starting at 2:15.

In spite of their winning the meet, Coach Bill Grissom expressed disappointment in the overall performance of his team in their second outing of the season. The Pipers made a weak showing in the field events—placing fourth in the pole vault and fifth in the long jump. The Pipers also failed to qualify anyone in either of the hurdle events.

But the Piper's speed was enough to give them the team trophy over the 16-team field with a total of 73 points. Cisco was second with 57 and they were followed by Winters with 53.

The Pipers chances for the team trophy looked a little thin late in the meet when Coach Grissom had to scratch Johnny Jones from the 220 because of a left hamstring injury following his first place finish in the 100. But the Pipers put on a strong finish with their mile relay team far out distancing any of their competitors.

The Pipers opened the finals in the running events with a new meet record in the sprint relay with a time of 44.4. The old record was 44.5 set by Hamlin in 1972, the last time Hamlin competed in this meet.

The Hamlin junior varsity team finished fourth in team

standings with 63.4 points. Clyde won the JV division with 90 points.

Hamlin results in the varsity division were:

Pole vault: 4. Robert Phariss, 10'6".  
Long jump: 5. Robert Phariss, 19'.  
440 relay: 1. Hamlin (Robert Phariss, Daniel Willis, Oscar Marshall and Johnny Jones), 44.4.  
440 dash: 2. Delbert

Anyone wishing to play must contact Russell Merket, tennis coach, before Mar. 26. Price for entry will be \$1.00 per person in each division. One may enter as many divisions as they want as long as they qualify. Each entry, however, will cost an additional dollar.

The divisions are divided into age groups as follows: 9 and under, singles only; 10-11, singles only; 12-14, singles and doubles only; 15-16 singles, doubles, mixed doubles; 17-18, singles, doubles, mixed doubles; 19 and up, singles, doubles, mixed doubles; open-any age, singles, doubles, mixed doubles; adults 25 and over, singles, doubles, mixed doubles.

### WARNS:

After checking fields in the area, I find that the green bugs in Jones County are at an all time high. Some of the smaller young plants contain as many as 12 plus green bugs per plant. In the older plants they are too numerous to count. The moisture in the land is good, the prospect of Jones County making a good crop is high. The green bug is robbing the plant of valuable growth.

## What's In A Name?

Those people who are still calling Thrift-Tee Super Market "Mac's" will soon be one more name change behind as Luther Haught, manager, said this week that the food store is in the process of changing its name to Piggly Wiggly.

He said that for the most part it will only be a change in name as the ownership and management of the store will remain the same.

Haught said that Jere Lawrence of Sweetwater, owner of the store is changing the name of all six of his stores to Piggly Wiggly. Four of these stores are currently called Thrift-

Tee and the other two are named Piggly Wiggly.

Haught said that the change to Piggly Wiggly would provide a few more services to the store's customers and give the chain better buying power, but that the store would continue to operate under the same management and policies as in the past. He said that the store would continue to give Buccaneer Stamps.

A huge Grand Opening celebration to mark the name change is being scheduled for early in April, Haught added.

## Farabee Introduces Bill On Seed Certification

Austin—State Senator Ray Farabee has introduced legislation relating to the certification of seed in Texas. The bill brings together various existing laws pertaining to the seed industry into one act.

Farabee noted that the laws dealing with the sale and production of certified seeds are designed to protect the farmer and the conscientious seed producer and seller. Bringing these laws together, Farabee said, will clear up several vague areas providing fairer and more efficient enforcement of the law.

One problem the bill addresses is the use of deceptive terms that imply seeds are certified. Farabee's bill would expand the number of terms in this prohibited category. The bill cites such terms as "from officially inspected fields," "state inspected," "approved seed," "approved plants," or "inspected fields" as being deceptive.

The proposed legislation also covers the matter of seeds and plants from outside the state. It provides that such seeds and plants must meet certain standards before being tagged as certified. Senator Farabee explained that without this provision Texas could

## Joe Albro Honored By Farm Bureau

Joe Albro of Anson, agency manager for the Jones County Farm Bureau, received the Master Agent award for the second time from the Texas Farm Bureau Insurance Companies at a recognition program February 24-25 at the Sheraton-Crest Inn in Austin.

To be selected as a Master Agent is the highest honor and recognition the Texas Farm Bureau Insurance Companies can bestow upon a member of their sales force according to company officials. C. I. Forrest, Waco, is

executive vice president and Austin Crownover, Waco, is state sales director for the companies.

The criteria for determining Master Agent is rigid and selective, requiring the maintenance of high professional standards, they said.

This was the second year for the Master Agent program. A total of twenty-eight agents received the award at the Austin meeting. Albro was one of only nine agents who repeated by receiving the award last year and this year. There are 350 agents serving Farm Bureau members in Texas.

In 1974 Albro wrote over \$1,300,000.00 of life insurance qualifying him for the Million Dollar Round Table. He and his wife, Carol, will go to San Francisco, Calif. on a expense paid trip provided by Farm Bureau Insurance Companies.

**Agent Warns Wheat Farmers Of Increase In Greenbugs**

Jones County wheat farmers were cautioned here this week by County Agent Kirby Clayton to be on the watch for damaging infestations of greenbugs. Spot checks made this week revealed that some fields have had a considerable build-up in infestations and some farmers have resorted to control measures to slow down the pest, Clayton said.

The greenbug, a light green aphid, gives birth to living young in the south and one female may produce 60 progeny in her lifetime of 20-30 days. In the South there may be as many as 25-30 generations a year and if their numbers are not kept down by natural enemies or a spray control program, these insects are capable of destroying entire crops.

Greenbug infestations may be detected by the appearance of yellow brown color of the leaves and under heavy infestations, the entire plant may turn yellow and die in irregular spots.

As a general recommendation spraying should start when 200-300 greenbugs are found per foot of drill row on wheat that is 3-6" tall. Wheat 6-16" tall may tolerate as much as 800 greenbugs per foot of row.

The observant farmer will be able to detect when damage is occurring by observing the general condition of growth of his wheat plant from week to week says Clayton. The lady bug, a natural enemy of the greenbug, may be able to keep infestation down below the damaging level says the agent. For further information consult your County Extension Agent.

# FFA Rabies Vaccination Clinic Today

The annual rabies vaccination clinic will be conducted by Future Farmers of America Chapter today (Thursday) at the vocational agriculture building at the high school.

A Rotan veterinarian will conduct the vaccination clinic from 1 to 5 p.m. He will be assisted by FFA members in issuing tags. A charge of \$3.50 will be made for the vaccination.

City dog licenses will also be available from the FFA members at the time the animal is vaccinated.

A dog ordinance passed by

the City of Hamlin in 1973 requires that all dogs within the city must be licensed and vaccinated. The annual tax is \$5.00 on each dog. Acting for the city, the FFA members will issue a tag on which is stamped the number of the registration and the year for which the tax is paid.

The tag must be attached to a collar that is securely fastened around the neck of the dog.

The dog tags are also available from the city secretary, but the tag can not be issued until the owner furnishes a vaccination

certificate issued by a licensed veterinarian stating that the dog has been vaccinated against rabies.

Under the city's dog ordinance the city is authorized to impound any dog found running at large within the city without a tag or any dog that is found running at large and creating a disturbance with or without a tag.

Creating a disturbance is defined by the ordinance as causing loud noise, destroying property, overturning garbage receptacles

or manifesting a disposition to bite, but is not limited to just these problems.

Dogs picked up by the city may be reclaimed by their owners within 72 hours upon the payment of \$2.00 per day. Dogs not claimed at the end of the 72-hour period will be advertised for sale by posting of a notice at City Hall. Dogs not sold at auction will be bought by the city and killed.

The ordinance provides that the dog catcher or any policeman shall have the right to shoot or kill any rabid dog or any dog which shall manifest a disposition to bite.

## NEWS AND VIEWS...

### And What Have You

By BOB CRAIG

A number of people were nice enough to compliment us on the "new look" of the Herald last week. We hope that this change in format will make the paper a little easier to read as well as being more attractive.

The most obvious change of course, is the new nameplate on the front page along with the new headline style. But more importantly, at least we think, is an effort to increase the news content of the total paper and to upgrade inside pages as well as the front page.

A bigger effort is also being made to upgrade the quality of the pictures printed each week.

All of this, because of our limited staff, means more work on everyone here. But a few kind words here and there make it all seem worth it and at the same time makes it a lot easier.

Most of these changes were brought about because of two things. The first is the addition of some new equipment installed around the first of February that is used to set most of the headlines as well as most of the copy in the advertisements. The other factor in making this change was our attendance at the recent West Texas Press Association Mid-Winter Meeting held in Big Spring.

Part of the ideas incorporated into the Herald since that meeting were gleaned from the workshop sessions, but the biggest thing was coming away feeling inspired to do a better job.

For a number of years we have been attending all of the West Texas Press meetings and as many of the Texas Press meetings as we can make. Not only do a lot of good

**SPRINT RELAY RECORD**—Johnny Jones, the Pipers' muscular track performer, anchors the Piper 440-yard relay team that set a new record Saturday at the Anson track meet. The team of Robert Phariss, Daniel Willis, Oscar Marshall and Jones ran a record time of 44.4 went on to win the team trophy with 73 points. Jones took first place honors in the 100-yard dash but was scratched from the 220-yard dash because of a pulled muscle.

## School Board Hires Firm To Collect Back Taxes

The Trustees of the Hamlin Independent School District voted here Monday evening to hire the firm of Perdue, Brandon and Blair to collect the district's delinquent taxes. The firm of tax attorneys has offices in Amarillo and Fort Worth and will charge a fee of 15 percent of the monies collected for the district.

Under terms of the contract the district will set a cut-off date on the accounts to be turned over to the collection firm. The board indicated that the district will not turn over any of the accounts until they are at least six months delinquent.

In a rather lengthy agenda, the board appointed a budget committee, adopted a school calendar for next year, adopted textbooks for next year, and adopted the state travel schedule.

The board also voted to move the date for their next meeting from Monday, Apr. 14, to Monday, Apr. 7. This was done so that the trustees could canvass the district's Apr. 5 election. The board also voted to call a work session for Tuesday, Apr. 1, for the purpose of reviewing teacher contracts for the coming year. The board will not take any action on the contracts until their meeting on Apr. 7.

The board named Trustees W. T. Johnson, Cecil Sellers and James Rodgers to serve on the budget committee and named Raymond Scifres as an alternate.

The group also adopted a leave of absence policy for district employees and voted to have some preventative maintenance work done on the high school air conditioners.

The board also opened bids from nine area firms on carpet for the Reading Center but delayed any action on the matter until they could get more information on the bids.

Mrs. Inez Ferguson presented a slide program on the district's Goals Committee project to determine future goals for the district and its accountability to its patrons. Mrs. Ferguson also

surveyed the board to get their feelings on the 24 goals being studied by the committee.

The trustees evaluated the 24 goals on a one-to-five basis. The committee is in the process of having these goals evaluated by students, teachers, parents and other interested citizens within the community. Mrs. Ferguson said.

She told the board that the committee would bring the results of the survey back to the board for its consideration when the survey is completed and the results have been tabulated.

## Places On Ballot Drawn For City, School Elections

Both the city and the school held drawings Friday for places on the April ballots. Six candidates are seeking the three positions on the city ballot for councilman and five candidates are seeking the three trustee positions on the school ballot.

Deadline for filing as a candidate for both the city and school elections was last Wednesday afternoon and no new candidates filed during the final hours.

Drawing the top spot on the City of Hamlin ballot for the council was M. D. Byerly. He is followed by A. E. Killion, Robert Cary Sr., L. H. Bruton, Robert Fowler and

Buford Bigham. Byerly, Killion and Fowler are seeking reelection.

Taking the top spot on the Hamlin Independent School District ballot for trustee was W. T. "Dub" Johnson. He was followed by Cecil Sellers, James B. Crowley, James E. Rodgers, and Delton Jackson. Johnson, Sellers and Rodgers are seeking reelection.

Absentee voting for both the city and school elections will be held at the Hamlin City Hall beginning Friday, Mar. 14, and will end Apr. 1. Both elections will be held Saturday, Apr. 5, at the high school building.

No contest developed for director of the Hamlin Hospital District with the deadline for filing closing Friday. The four directors seeking reelection to the board will be unopposed. They are John Scarborough, Joe Cowan, Donald Young and John R. Brown Jr. The Hospital election will be held Tuesday, Apr. 1, at the city hall.

### HAMLIN RIDING

The Hamlin Riding Club will meet for the monthly business meeting Friday at 7:30 p.m. in the Oil Mill Guest House with Don Elmore, president, presiding.

**A HARD NIGHT'S WORK**—Members of the Hamlin Lions Club put in a full evening of work here Friday night as they served a record crowd during their annual Pancake Supper. Larry Butler, left stops to eat following a full evening on the grill cooking pancakes for the nearly 500 people who passed through the serving lines. While Butler's work was over for the night, the dishwashing

crew of Bill Harbert, W. T. Johnson and Bob Hawes continue with their cleanup chores. Bobby Crowley (at right), club president, winds up the cooking chores as the last of the crowd is fed. The Hamlin Stage Band sold tickets for the Pancake Supper and the Lions Club split the profits of the evening's work with the band.

## AARP Plans Defensive Driving Unit

The American Association of Retired Persons had a covered dish supper at their meeting Thursday night in the Jaycee Building.

Mrs. Earl Brown, president, presided. Plans were made to have a Defensive Driving Education Course. Anyone interested may contact M. S. Johnson or Harold Bonner.

Mrs. Brown was in charge of the program and showed slides taken in Alaska on her recent trip to Anchorage to visit her brother, Robert R. King. She told of tours to Kotzebue and Nome and a seven-hour motor yacht trip across Prince William Sound to Valdez, the southern terminal for the pipe line which will be laid soon.

Guests for the meeting were Mr. and Mrs. Joe Ford Sr. and one new member, Mrs. Van Huling.

Next meeting will be at 6 p.m., April 3, in the Jaycee Building.

## Aids for Cleaning

Salt, baking soda, vinegar and ammonia are a "homemaker's best friends." And procrastination is her greatest enemy.

So says the woman who teaches homemakers the art of keeping a home tidy with a minimum of fuss at the Minneapolis-St. Paul area vocational-technical institutes.

Drawing on her 30 year career in homecleaning, Mrs. Lois Millner offers these hints to ease housecleaning chores:

—Windows and mirrors come sparkling clean with a solution of ammonia, vinegar and comfortable temperature water.

—A solution of vinegar and water will clean Formica counter tops. For stubborn stains, try dry baking soda and rub with dampened cloth.

—For stains that accumulate on china or ceramics, rub a paste of salt on the stains and rinse it off.

She uses a solution of ammonia and water and a heavy-duty scrubber to clean a messy barbecue grill.

A vinegar-soaked light-duty scrubber will clean soap and water spots from chrome bathroom and kitchen fixtures, she says.

To lick procrastination, Mrs. Millner recommends getting organized by developing a chart that lists all the household tasks to be done, followed by the amount of time to be spent on each task.

## Service Class Meets Here

Mrs. Fred Allen, assisted by Mrs. Edgar Duncan, hosted the Service Class of First Baptist Church Thursday afternoon.

Mrs. S. C. Ballew spoke on "A Friend." During the fellowship hour a salad plate was served with coffee and cola.

Others attending were Mmes. W. V. Walton, Robert Johnson, Will Lasseter, Elmer Brewer, O. L. Jenkins, J. H. Cornelius, Tom Routh and Miss Alice Wills.

## Mrs. Ferguson Elected Beta Theta President

Mrs. John Ferguson Jr. was elected president of Beta Theta Chapter of Beta Sigma Phi at the Mar. 5 meeting in the home of Mrs. Ken Prewit.

Mrs. Parker Kelley, president, presided. Other officers elected for the 1975-76 term are Mmes. John Poe, vice president; O. H. Weaver Jr., recording secretary; David Bonds, corresponding secretary; Randy Brown, treasurer; Jimmy Hastings, reporter; Sam Mack Hodges, parliamentarian; Parker Kelley, director; and Gerald Young, sponsor.

Mrs. Prewit presented the program on her recent trip to Oahu, the fourth largest of the chain of Hawaiian Islands. Using color slides, Mrs. Prewit illustrated that the island of Oahu is famous for Pearl Harbor, Diamond Head, Punchbowl Crater, the National Cemetery of the Pacific, the University of Hawaii and the beautiful beaches of Waikiki.

She said that pineapple and sugar cane are the main crops, along with coconuts and tropical fruits. Mrs. Prewit said that the Hawaiian people are the friendliest, happiest, and hardest working people she had ever seen.

Members present were Mmes. Brown, Rodger Bell, Jim Bonds, Joe E. Ford, Prewit, Hodges, Freddie Hubbard, John Poe, Weaver, Pat Willoughby, Young, David Bonds and Hastings. The Ritual of Jewels will be held Mar. 18 at 8 p.m. in the home of Mrs. Johnny Jeffrey.

## Alpha Xi Epsilon Meets Here Monday

Alpha Xi Epsilon met in the home of Mrs. Mack Harris Monday for their regular meeting. Mrs. Tommy Robertson was co-hostess.

Plans for future projects were discussed, including making tray favors for the Hamlin Hospital on Easter and having a baby contest. Mrs. Fernando Rangel gave the program on "Manners."

Members are still taking orders for cakes and pies and anyone wishing to order one may contact Mrs. Barry Moore, 576-2198, or Mrs. Harris, 576-3417.

The next meeting will be in the home of Mrs. Robertson with Mrs. Harris as co-hostess.

Other members attending the meeting were Mmes. Moore, Tony Kelly and one guest, Mrs. Merline Berry.

## P-TA Honors Top Citizens

The Parent-Teachers Association is emphasizing the merits of good citizenship by recognizing those students who display the qualities that a good citizen should have.

FROM THE FILES . . .

FIFTY YEARS AGO  
(March 13, 1925)

The revival services which are being held at the Methodist Church are resulting in great good to the people of Hamlin and vicinity. Those who have attended these services have been lifted to a higher plane of living by the strong gospel sermons which have been delivered from time to time.

Mr. and Mrs. P. P. Shepard and son Charles went to Stamford Wednesday where they will make their home. Mr. Shepard has been manager for the West Texas Utilities company at this place for the past two years and while here he and his family have made many friends.

Mrs. J. C. Giles received a telegram from her daughter, Miss Mamie Louise Carpenter, Sunday announcing her safe arrival in Siloam Springs, Ark., where she has accepted a position as saleslady with Moyer Bros. Coffee Co.

Mrs. J. E. Hendrix, of Fresno, Calif., came Tuesday to visit her aunt, Mrs. J. W. Wendel and family, and other friends. Mrs. Hendrix formerly lived in Hamlin.

Mr. and Mrs. Joe Hudson of Anson spent Saturday and Sunday with their mother Mrs. R. M. Hudson and family.

We are asking our customers to please put your order in as early as you can in the mornings, since so many want vegetables for dinner. Make your order as large as possible as you or no one except the owner pays for delivery.

Attend the Euzelian Class at the Baptist Sunday School next Sunday. Bring your baby. Mothers with babies are welcome there.

TWENTY YEARS AGO

Six school officials in the Hamlin system were given one-year renewal contracts when members of the board of trustees met Tuesday evening in regular session.

Rev. J. C. Holden and family, returned missionaries from Colombia, South America will speak at Fairview Church, southeast of Hamlin Sunday morning at 11:00 and evening at 7:00 p.m., community leaders announce.

City police and electric utility company officials were this week issuing warnings to boys in sections of Hamlin about the penalties attached to the breakage of street lights that have been on the increase in recent weeks.

Second candidate for a place on the Hamlin City Council was filed Saturday afternoon less than an hour before the deadline for the filing. The name of Delma Shelburne was submitted. Previously filing was A. Spencer. The terms of A. Hudson and Spencer are expiring at the end of the fiscal year in April.

Little indication of progress of the annual Red Cross membership drive now underway in the Hamlin community was available at press time for the Herald, according to Carl Murrell, campaign chairman.

TEN YEARS AGO  
(March 11, 1965)

The First Methodist Church will be host for the Torch-bearer Sub-district Methodist Youth Fellowship Banquet here Saturday evening in the Fellowship Hall.

The Jones County 4-H Fun Festival will be held in the Anson High School Auditorium at 7:30 p.m. on Tuesday night April 6, according to word this week from Jones County Extension Agents, Mary Y. Newberry and Kirby Clayton.

NEWS AND VIEWS . . .

And What Have You

— Continued from page One

ideas come out of these sessions, but most important to us is that they tend to recharge our batteries so to speak, and encourage us to come home and try to do a better job.

As to our new equipment, it is another one of those electronic marvels manufactured by Com-pugraphic Corporation.

Four years ago we installed their equipment to set all of our reading matter and even after four years of operating it, we still don't believe all it can do. And this new piece of equipment is just as amazing in its operation.

With the system we were using prior to getting this new system, called a 7200, we had a choice of about 10 different sizes and faces of types to use in heads and ads. Now we have a choice of about 88 and this can be expanded to an almost unlimited number.

The type, up to letters about one inch high, is set by stroking a standard typewriter keyboard. This is some change from the handset type we used just 15 years ago when we first took over operation of the Herald.

But all of this only serves its purpose if we can produce a newspaper that serves the needs of our readers at a price that they can afford.

The following bit of humor comes from Roy Bilberry's column in the Graham News.

Anyone who watches television is aware that this is a time for giving awards. They are passing out awards for everything now... Well, just about everything.

Since a few deserving people go unheeded each year, this is intended to recognize them; the first annual Hall of Shame Awards.

**Confusion Award:** A tie between the people who make up income tax returns and the person who designed the fuzzy covering for a commode lid that makes the lid keep falling while you are standing there trying to use it.

**Fast Buck Award:** Presented to publishers who are paying the Watergate criminals huge sums of money for their grubby life stories.

**Humiliation Award:** Goes to TV commercial makers who make aging actors prance barefooted across the screen dressed as a can of drain opener.

**Frustration Award:** A tie between the plastic zipper folks and the person who determines the location of hood releases on automobiles.

And to Roy's list we would add one of our own:

**Poor Taste Award:** Goes to the product maker, ad agency and networks that permit feminine hygiene commercials during prime TV time.

Congratulations, folks! Stand up and be recognized.

GOOD FRUITS

"The wisdom that is from above is first pure, then

peaceable, gentle, and easy to be entreated,

full of mercy and GOOD FRUITS."

There are two forces at work in this world,

evil and good. We have the freedom to

choose between these two things.

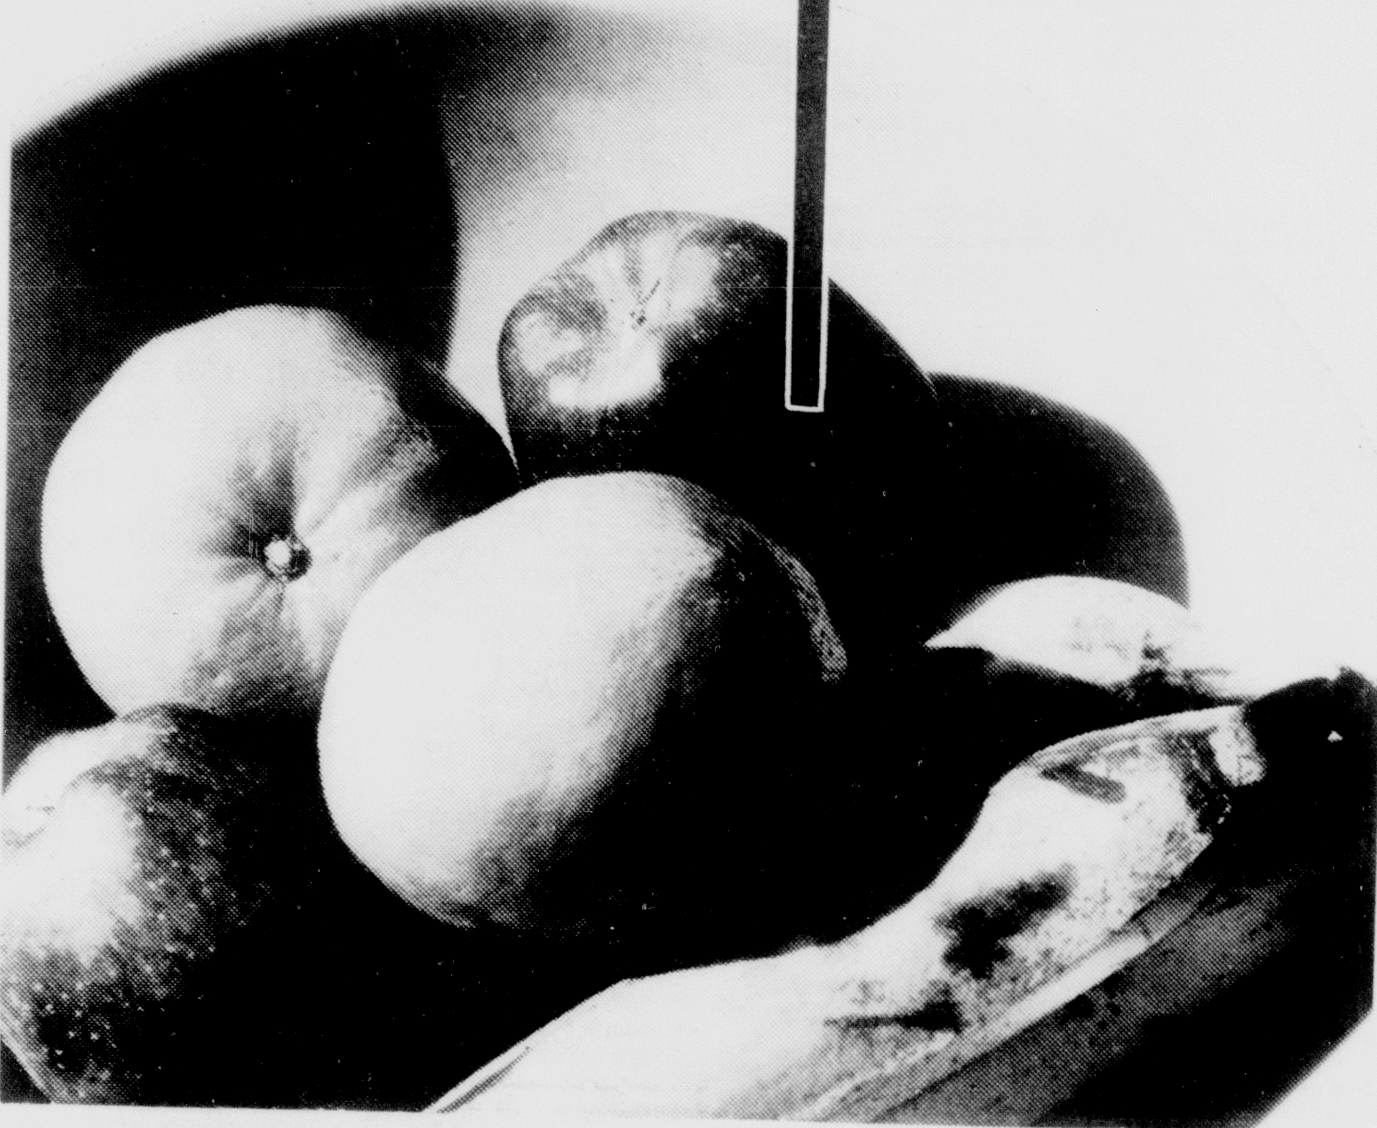

"O taste and see that the Lord is good:

blessed is the man that trusteth in him."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

OVER THE TOP—William Brown, Piper senior trackster, goes over the high jump bar in the Anson track meet Saturday. William was eliminated at 5'9" in the meet. The cold weather Saturday cut into the performances of most of the athletes at the meet with most of the times and distances falling below expectations.

# Track Team Takes Anson Championship

The Piper Track Team captured their first team title Saturday at Anson and will be competing at Brownwood this Saturday. The prelims will open at 9:30 Saturday morning for the Bluebonnet Relays with the finals in the field events starting at 1:30 and the finals in the running events starting at 2:15.

In spite of their winning the meet, Coach Bill Grissom expressed disappointment in the overall performance of his team in their second outing of the season. The Pipers made a weak showing in the field events—placing fourth in the pole vault and fifth in the long jump. The Pipers also failed to qualify anyone in either of the hurdle events.

But the Piper's speed was enough to give them the team trophy over the 16-team field with a total of 73 points. Cisco was second with 57 and they were followed by Winters with 53.

The Pipers chances for the team trophy looked a little thin late in the meet when Coach Grissom had to scratch Johnny Jones from the 220 because of a left hamstring injury following his first place finish in the 100. But the Pipers put on a strong finish with their mile relay team far out distancing any of their competitors.

The Pipers opened the finals in the running events with a new meet record in the sprint relay with a time of 44.4. The old record was 44.5 set by Hamlin in 1972, the last time Hamlin competed in this meet.

The Hamlin junior varsity team finished fourth in team

standings with 63.4 points. Clyde won the JV division with 90 points.

Hamlin results in the varsity division were:

Pole vault: 4. Robert Phariss, 10'6".

Long jump: 5. Robert Phariss, 19'.

440 relay: 1. Hamlin (Robert Phariss, Daniel Willis, Oscar Marshall and Johnny Jones), 44.4.

440 dash: 2. Delbert

After checking fields in the area, I find that the green bugs in Jones County are at an all time high. Some of the smaller young plants contain as many as 12 plus green bugs per plant. In the older plants they are too numerous to count. The moisture in the land is good, the prospect of Jones County making a good crop is high. The green bug is robbing the plant of valuable growth.

## What's In A Name?

Those people who are still calling Thrif-Tee Super Market "Mac's" will soon be one more name change behind as Luther Haught, manager, said this week that the food store is in the process of changing its name to Piggly Wiggly.

He said that the most part it will only be a change in name as the ownership and management of the store will remain the same.

Haught said that Jere Lawrence of Sweetwater, owner of the store is changing the name of all six of his stores to Piggly Wiggly. Four of these stores are currently called Thrif-

Tee and the other two are named Piggly Wiggly.

Haught said that the change to Piggly Wiggly would provide a few more services to the store's customers and give the chain better buying power, but that the store would continue to operate under the same management and policies as in the past. He said that the store would continue to give Buccaneer Stamps.

A huge Grand Opening celebration to mark the name change is being scheduled for early in April, Haught added.

## Farabee Introduces Bill On Seed Certification

Austin — State Senator Ray Farabee has introduced legislation relating to the certification of seed in Texas. The bill brings together various existing laws pertaining to the seed industry into one act.

Farabee noted that the laws dealing with the sale and production of certified seeds are designed to protect the farmer and the conscientious seed producer and seller. Bringing these laws together, Farabee said, will clear up several vague areas providing fairer and more efficient enforcement of the law.

One problem the bill addresses is the use of deceptive terms that imply seeds are certified. Farabee's bill would expand the number of terms in this prohibited category. The bill cites such terms as "from officially inspected fields," "state inspected," "approved seed," "approved plants," or "inspected fields" as being deceptive.

The proposed legislation also covers the matter of seeds and plants from outside the state. It provides that such seeds and plants must meet certain standards before being tagged as certified. Senator Farabee explained that without this provision Texas could

## Joe Albro Honored By Farm Bureau

Joe Albro of Anson, agency manager for the Jones County Farm Bureau, received the Master Agent award for the second time from the Texas Farm Bureau Insurance Companies at a recognition program February 24-25 at the Sheraton-Crest Inn in Austin.

To be selected as a Master Agent is the highest honor and recognition the Texas Farm Bureau Insurance Companies can bestow upon a member of their sales force according to company officials. C. I. Forrest, Waco, is

executive vice president and Austin Crowover, Waco, is state sales director for the companies.

The criteria for determining Master Agent is rigid and selective, requiring the maintenance of high professional standards, they said.

This was the second year for the Master Agent program. A total of twenty-eight agents received the award at the Austin meeting. Albro was one of only nine agents who repeated by receiving the award last year and this year. There are 350 agents serving Farm Bureau members in Texas.

In 1974 Albro wrote over \$1,300,000.00 of life insurance qualifying him for the Million Dollar Round Table. He and his wife, Carol, will go to San Francisco, Calif. on an expense paid trip provided by Farm Bureau Insurance Companies.

## Agent Warns Wheat Farmers Of Increase In Greenbugs

Jones County wheat farmers were cautioned here this week by County Agent Kirby Clayton to be on the watch for damaging infestations of greenbugs. Spot checks made this week revealed that some fields have had a considerable build-up in infestations and some farmers have resorted to control measures to slow down the pest, Clayton said.

The greenbug, a light green aphid, gives birth to living young in the south and one female may produce 60 progeny in her lifetime of 20-30 days. In the South there may be as many as 25-30 generations a year and if their numbers are not kept down by natural enemies or a spray control program, these insects are capable of destroying entire crops.

Greenbug infestations may be detected by the appearance of yellow brown color of the leaves and under heavy infestations, the entire plant may turn yellow and die in irregular spots.

As a general recommendation spraying should start when 200-300 greenbugs are found per foot of drill row on wheat that is 3-6" tall. Wheat 6-16" tall may tolerate as much as 800 greenbugs per foot of row.

The observant farmer will be able to detect when damage is occurring by observing the general condition of growth of his wheat plant from week to week says Clayton. The lady bug, a natural enemy of the greenbug, may be able to keep infestation down below the damaging level says the agent. For further information consult your County Extension Agent.

## Voting Boxes Set for Fisher Hospital Vote

ROTAN—The Fisher County Hospital Board met in regular session and established polling places, boundaries and election officials for the April 5 hospital directors election.

The County is to be divided into two voting precincts. Precinct 1 is to be all the area south of Highway 180 plus that portion north of Highway 180 that is in the Roby School District. These residents will vote in the Fisher County Courthouse.

Residents living north of Highway 180 will be in Precinct 2, except those living in the Roby School District, and they will vote in the Rotan Primary School Building.

### McCaulley

—The McCaulley Independent School Board race remained unchanged last week. W. D. Cleveland, E. T. Gipson and Billy W. Jeffrey are all seeking reelection to the board.

## More profit is why the swing is to these BIG, YELLOW HYBRID MILOS

Higher feeding quality. Weather-Master yellow endosperm varieties rate higher in protein, palatability, digestibility. Grain kernels are up to 50% larger, packed with tasty white starch; make big, yellow, mellow feeding flakes. Outstanding yielders, too. Resist disease and drought.
